

The University of California, Davis Department of Radiology is seeking up to two full-time, fellowship-trained (or equivalent) cardiothoracic radiologists at the Assistant, Associate, or Full Professor rank in the ClinX or HSCP series (commensurate with experience and qualifications).

Basic Qualifications:

Must possess a M.D. or D.O. degree, certification/eligibility in Diagnostic Radiology by the American Board of Radiology, and be eligible for licensure in the State of California. A commitment to teaching medical students, residents, and fellows is required. Scholarly/clinical/translational research is highly valued and supported. The candidate must have the ability to work cooperatively and collegially within a diverse environment.

Preferred Qualifications:

Outstanding clinical skills are essential. Clinical expertise in all aspects of cardiothoracic imaging including chest radiography, chest and cardiac CT/MRI and image-guided biopsy are desired. The ability, interest, and experience to conduct scholarly/clinical/translational research is highly desirable.

UC Davis Health currently has three Siemens CT scanners (a dual energy, a 128-slice, and a 64-slice) and two 64-slice GE CT scanners. We also have a 16-slice GE CT scanner primarily utilized for CT-guided interventional procedures. MRI consists of six clinical GE 1.5T scanners, and one clinical 3T magnet. There are additional 1.5 and 3T systems in the adjacent Imaging Research Center. Ultrasound equipment and PET/CT is state-of-the-art. UC Davis Health has an award winning, fully integrated electronic health record (EHR) system. The Radiology Department is fully digital and completely integrated with the EHR.

Completed applications will be reviewed on a regular basis; however the position will remain open until filled through June 30, 2018. Qualified applicants should apply online at UC Recruit: <https://recruit.ucdavis.edu/apply/JPF01683> by uploading a cover letter outlining clinical, research, and educational experience, curriculum vitae with bibliography, statement of contributions to diversity and the names and contact information of at least three professional references.

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status. For the complete University of California nondiscrimination and affirmative action policy see:

<http://policy.ucop.edu/doc/4000376/NondiscrimAffirmAct>.

Under Federal law, the University of California may employ only individuals who are legally able to work in the United States as established by providing documents as specified in the Immigration Reform and Control Act of 1986. Certain UCSC positions

funded by federal contracts or sub-contracts require the selected candidate to pass an E-Verify check. More information is available <http://www.uscis.gov/e-verify>.
